Junior Individual Savings Account

Award Winning Wealth Management

Introduction

A Junior ISA or Junior Individual Savings Account is a simple savings account for your child and unlike regular savings accounts; you are allowed to keep any interest earned without having to pay income tax on it. The Tax Free Junior ISA was brought in to replace the Child Trust Fund in 2011.

At Whitechurch we have a Dynamic and Ethical Balanced JISA available within our Portfolio Management Service.

Frequently Asked Questions

1. Who can hold a JISA?

A child is eligible for a Junior ISA if, when the account application is made:

- They are under the age of 18
- They were born on or after 3rd January 2011 or do not have a Child Trust Fund (CTF) account
- They are a resident in the UK, or are a UK Crown servant, married to or in a civil partnership with a Crown servant, or a dependent of a Crown servant

2. How much can I put in a JISA?

The Junior ISA allowance for this tax year 2020/2021 is £9,000. This means you can put total contributions into your cash and stocks and shares Junior ISA up to that amount until the current tax-year end. The limit remains unaffected by the amount you already hold in a JISA. You cannot have a Junior ISA at the same time as a Child Trust Fund (CTF). If a child already holds a CTF, the funds can be transferred into a JISA.

3. Can I open a new JISA each tax-year?

Unlike 'adult' ISAs where the investor can open and subscribe to new ISAs in each tax year, a child can only hold up to 2 JISAs – no more than one of each type at a time (Cash JISA and Stocks & Shares JISA). If a child already holds a JISA elsewhere, this can be transferred into a Whitechurch Dynamic JISA.

4. Who can open a JISA?

Only a parent or guardian (registered contact) can take out a Junior ISA on a child's behalf however the Junior ISA belongs to the child and the money is theirs when they turn 18. When they reach 18 the Junior ISA will become an adult ISA held in their name.

5. Can family and friends contribute?

Yes. Once the account is opened anyone can contribute up to the 'annual JISA allowance. This counts for parents, grandparents and friends.

6. What if I want to withdraw money before my child is 18?

Only the child named on the Junior ISA account can access the funds and this can only be withdrawn after their eighteenth birthday.

7. Where are the funds invested?

Our Junior ISA invests in stocks & shares which gives it access to the investment potential of the stockmarket. You have a choice of 6 strategies in our Dynamic range.

8. Can I add money at regular intervals?

Yes, you can make monthly contributions into the JISA. So long as you have a personal bank or building society account in your own name, or a joint account which includes your name. We will take your first payment on the 1st of the month and each subsequent 1st of the month (or the next business day thereafter). The monthly payment will continue automatically unless you notify us otherwise. This will continue automatically for subsequent tax years unless you notify us otherwise. It is important that you keep the Direct Debit Guarantee we provide when you apply for this service.
